

REMARKS

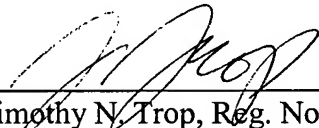

Claim 12 has been amended to include the subject matter of claim 13, indicated to be allowable.

New claims 21-23 claim the add-in card with the wake packet filtering function. Thus, these claims simply claim the same invention variably, claims 21 *et seq.* claiming the add-in card itself.

Therefore, the application should now be in condition for allowance.

Respectfully submitted,

Date: December 27, 2006
